

Minnesota Baseball Instructional School
Summer Team PROSPECT CAMP
August 7-10, 2025

2026 & 2027 Summer Team Prospect Camp

The Minnesota Baseball Instructional School will be holding a Fall Prospect Camp for any and all teams that contain 2026, and 2027 graduates on August 7-10, 2025. This prospect camp will be a great opportunity for players in the 2026, and 2027 classes to gain exposure in front of the University of Minnesota coaching staff as well as other area college coaches. Each team will participate in 3-4 games at Siebert Field over 4 days. Players will take part in workouts prior to each game where University of Minnesota coaches will provide instruction and help players improve their skills. Following the conclusion of the camp, the University of Minnesota Baseball staff will be providing all participating teams and athletes with their Trackman data. This data includes ball flight data metrics such as pitch speed, and batted ball speed.. During the duration of the 4 day camp, participating athletes and their families will have a chance to tour the University of Minnesota - Twin Cities campus, and the athletic facilities. **Gopher Baseball Coaches and Staff will be providing instruction, and feedback to campers throughout the duration of the camp.** ***Gopher Baseball Camps are open to any and all entrants, limited only by number, age, grade level, and/or gender.***
