

Gopher Baseball Camps
End of Summer HS Evaluation Camp
Sunday August 17th, 2025

2026, 2027, 2028 and 2029 End of Summer Prospect Camp

Gopher Baseball Camps will be holding an End of Summer Evaluation Camp for any and all 2026, 2027, 2028 and 2029 graduates on Sunday, August 17th with check-in beginning at 8:00am and camp beginning at 8:30 AM. This evaluation camp will be a great opportunity for players in the 2026, 2027, 2028 and 2029 classes to gain exposure in front of the Gopher Baseball coaching staff as well as other area college coaches. Once the camp begins, position players will take part in a showcase style workout with defensive and offensive assessments all evaluated by the Gopher coaching staff. Pitchers will be asked to throw 25-30 pitches to hitters in a live at bat setting upon completion of a warm up and throwing program. Pitchers who are not at “game conditioning” can modify the volume of pitches or intensity. All live at bat sessions will be logged on Trackman and results / data will be available for pitchers after the camp. **Gopher Baseball Coaches and Staff will be providing instruction and feedback to campers throughout the duration of the camp. Gopher Baseball Camps are open to any and all entrants, limited only by number, age, grade level, and/or gender.**
